Mission Focus

After years of revolutions and revolts, Honduras became an independent nation in 1821. Even though a democratic government was established in 1984, Honduras is one of the poorest countries in the Western hemisphere and corruption is widespread. The Church of the Nazarene began officially working to bring the Gospel to Honduras in 1970, and now has two districts, 8,594 members, and 140 fully organized churches. Please pray for the nation's political and social stability, the eradication of violence, and the development of new church leaders.
