Mission Focus

The work of the Church of the Nazarene in **India** began officially in 1898, making it one of the oldest works in the denomination. The Church began work in the State of Maharashtra and was restricted to work in the state for many years. However, in the 1980s and 1990s, restrictions were lifted, and work expanded rapidly across the subcontinent. With a population of 1.4 billion, India is the world's second most populace nation, second only to China. In this religiously diverse nation, pray for Christians in India, that though a minority population, they may have significant holy influence.
