**Mission Focus**

The early history of **Belize** identifies several Mayan city states until their decline at the end of the first millennium. During the 17th and 18th centuries, the country we now know as Belize was a "prize between rivals," over which Great Britain and Spain constantly disputed authority and possession. In 1862, the name of the country was determined to be British Honduras, but in 1981, it attained independence and changed the name to Belize. Located on the Mesoamerica Region, Belize borders the Caribbean Sea between Guatemala and Mexico. The Church of the Nazarene has been active in these surrounding countries for many years but established work in Belize in 1934. Since these early days, education has been critical to the growth and mission of the Church of the Nazarene in Belize, and currently manages two high schools, seven primary schools, and two preschools. *Pray for more Christian teachers to be part of the school and school management, and that the government will continue to see the need for partnership with Christian churches.*
