Mission Focus

Work in "**Additional Areas**" began in 1994 and continues to the present. These "Additional Areas" are located on several regions where the Church of the Nazarene has works. These areas tend to be resistant to the Gospel, which means that the open proclamation of the Gospel can be restricted, requiring creative approaches for ministry and missions. They may also be areas where the Church of the Nazarene is officially registered with the government but whose political, social, or religious environment may not always be conducive to Christian outreach and church development. Often, we connect specific languages with specific countries on which we are focused. However, in this instance, the language that matters most is the language of grace and love, sharing hope in Christ. Regardless of the political, economic, social, or religious circumstances, the Church of the Nazarene is present to demonstrate the unconditional love of God to persons of all ages living in every kind of human condition. Pray that the Holy Spirit would keep you sensitive to the many participants in His plans for "Additional Areas" – those who send and those who receive our sent ones as bearers of His Good News.
